

IAESTE International Internship September Application Manual

Application Period

September 1 (Tue) – September 17 (Thu) 5:00 p.m, 2026

Applications will be accepted **only during this period.**

Eligibility

Applicants must be in their third year of undergraduate study or above at the start of the internship; and remain enrolled at a Japanese university or graduate school until the internship is completed. Nationality is not restricted.

Documents to Refer to When Applying

Application Manual (this manual)	Application procedures, required documents, and the process from application to internship
AESTE Handbook	Overview of IAESTE, internship features, application information, and fields of study
Internship Preparation Manual	Procedures and preparations after your internship has been confirmed

For inquiries, contact : application-portal@iaeste.or.jp

IAESTE Japan

Issued: September 1, 2026

■■■■From Application to Internship■■■■

1. Prepare the required documents.(See p.3.)
2. Pay the Application Fee. (See p.4.)
3. Create an account on the **Application Portal**, complete the required information, and upload your application documents. <https://application-portal.iaeste.or.jp>
For the discipline codes, see p.5.
4. Register on the **Exchange Platform (EP)**. (See p.4.)

You will receive an email informing you of your interview schedule.

During the online interview, you will discuss your motivation for applying, your academic field, and your internship goals in English.

You will be notified via email and can check the status of your application on the application portal. Once approved, you will be registered as a “training candidate.”

Submit the **Declaration Form**.
Applicants for the **Exchange Internship** must also pay the Internship Administration Fee.(See p.3.)

▼ For details within this box, please refer to the “IAESTE Handbook” and the “Internship Preparation Manual.”

Exchange Internship

IAESTE Japan matches each Internship Candidate with a suitable internship offer. Once matched, you are expected to accept the assigned offer. In return, your chances of securing an internship are relatively high.

Global Internship

You may apply directly for internship offers published throughout the year by IAESTE member countries. You can choose internships in any season, not only during summer. Because many applicants compete for attractive offers, selection can be highly competitive.

Your **Nomination Documents** will be sent to the host country.

You will receive the selection result from the host institute.
In some cases, the host institute or the IAESTE committee in the host country may conduct an online interview before making a decision.

Prepare your airline tickets, travel insurance, and other arrangements.
Keep in contact with IAESTE Japan and your host institute before departure.

Depart for your internship.

The screenshot shows the IAESTE Japan application portal. It includes a progress bar at the top with three steps: 1. 下書き (Draft), 2. 提出完了 (Submission Complete), and 3. 結果 (Result). The main form area is divided into sections for '氏名' (Name) and '応募情報' (Application Information). The '氏名' section has fields for '氏名 (日本語)' and '氏名 (英語)', both containing '〇〇〇〇' and 'XXXXXXXXXX' respectively, with '保存' (Save) and 'キャンセル' (Cancel) buttons below. The '応募情報' section has a '基本情報' (Basic Information) subsection with a '国籍 (英語表記)' (Nationality in English) dropdown menu set to 'Japan'.

Choose your internship type in application

***Offer** : An **Offer** is a document prepared by a host institute describing the internship, including the required field of study, skills, living allowance, accommodation, and other conditions.
See the sample on the next page.

The Institute for Design Strategies (IDS) of the Detmold School of Design - TH OWL in Detmold, Germany is offering positions to support the research project "Building Acoustics and Urban Soundscape" focused on studying the relationship between building façades and people's perception of sound in cities.

The internship consists of supporting the research of human perception in cities, with a strong focus on sound and vision.

A successful candidate has experience in one or more of the areas required (Parametric design in Grasshopper / Statistics in Python / VR and game development / Noise mapping with GIS). A CV and portfolio showing the candidate's previous work is required. The internship is conducted in English.

Deadline for Nomination - 15-Mar-2025

This is a sample internship offer issued by a host institute in Germany. The offer includes:

- Company profile
 - Requirements for applicants
 - Internship details
 - Nomination deadline
- Field of study / Language proficiency / Qualifications and skills
- Internship period / Living allowance / Accommodation

■ Required Documents

Please ensure that the total file size of documents 1 to 5 does not exceed 5 MB. The documents will be printed for your interview.

Please make sure that **all pages are correctly oriented**.

Required Documents

1. Motivation Statement

Download the template from the IAESTE Japan website, complete it, and save it as a PDF.

2. Curriculum Vitae (CV, English)

Any format is acceptable. Please limit your CV to **two A4 pages**.

3. Certificate of Enrollment and transcripts (English)

4. Academic Transcript (English)

5. Certificate of English Proficiency

Not required for native speakers of English.

6. Proof of Payment of the Application Fee

■ Minimum English Proficiency Requirements

English test scores must have been issued **within two years as of March 2027**.

Test	Exchange Internship	Global Internship
TOEFL iBT (from Jan. 2026)	4	4.5
TOEFL iBT (before Jan. 2026)	72*	86*
IELTS	5.5	6.5
Cambridge English Qualifications	B2 First	C1 Advanced
EIKEN	Pre-1	Pre-1
TOEIC Listening & Reading	650	785

***Note on TOEFL iBT Scores**

Because the TOEFL iBT score reporting system changed in January 2026, scores obtained before the change will also be accepted for this application.

However, as some host organizations may request the new TOEFL iBT score, we strongly recommend obtaining a new score before your Nomination Documents are submitted.

Notes on English Proficiency

1. Many IAESTE member countries primarily evaluate applicants based on **TOEFL, IELTS, or Cambridge English Qualifications**. In some European countries, **TOEIC scores may not be accepted**. Proof of speaking and writing proficiency may also be required.
2. The minimum scores listed above are required for application. However, practical English communication skills are essential, as some host organizations conduct interviews before making their selection.
3. Some host countries require proof of Speaking and Writing proficiency. If you only have a TOEIC Listening & Reading score, IAESTE Japan may ask you to complete an additional interview or submit results from another English test. You will be contacted if this applies to you.

■ Payment of the application fee

Please make the payment by **the day before the application deadline**.

A PDF copy of the bank transfer receipt must be submitted as part of the application documents.

	University member students*1	Non-member school students	Students with IAESTE internship experience
Application fee	6,000 yen	12,000 yen	0 yen

*1: Current university members are the following 15 universities.

Osaka University, Okayama University, Kyoto University, Keio University, University of Tokyo, Institute of Science Tokyo, Tokyo Metropolitan University, Tokyo University of Agriculture and Technology, Tokyo University of Science, Doshisha University, Tohoku University, Muroran Institute of Technology, Yokohama National University, Ritsumeikan University, Waseda University

If you belong to a university member school at either the time of application or the time of internship, the amount for university member students will be applied.

Transfer the application fee using the applicant's name in Katakana. The applicant should keep the original bank transfer receipt. IAESTE Japan does not issue a separate receipt.

振込先	三菱 UFJ 銀行 巣鴨支店 (支店番号 770)
口座番号	普通 0000925
受取人	一般社団法人 日本国際学生技術研修協会

■ Registering on the Exchange Platform (EP)

The **Exchange Platform (EP)** is IAESTE's online system for publishing internship offers and processing applications.

Host institutes, IAESTE committees, and applicants use this system to exchange application documents throughout the selection process.

Go to: <https://iaeste.smartsimple.ie/>

Click "Register with us" → "Are you a student?", then enter the required information.

Please read the Student Guide in the EP before proceeding.

Important Notes for Completing Your EP Registration

- Enter all information in English using standard English letters and numbers.
Caution: do not use Japanese characters, as your registration cannot be processed.
- Personal information cannot be changed after registration.
- Register an email address that you will continue to use in the future.
- Enter information that reflects your academic status at the time you expect to undertake the internship.

The example below assumes an undergraduate student applying in September and entering a master's program in the following academic year.

Frequently Misunderstood Fields

Type of Study Programme

If you will enter a master's program in the next academic year, select "Master."

Completed Years of Study

Enter the total number of years you will have completed by the end of the current academic year.

Example: Enter 4.

Do not enter your expected graduation year.

Required Years of Study

Enter the total number of years required to complete your studies from undergraduate through graduate level.

Example: Enter 6

■ Fields of Study and Discipline Codes

The **General Disciplines** listed below are used for matching applicants with internship offers. Some disciplines (marked with an asterisk (*)) in the **Fields of Study** column) are divided into more specific fields. These sub-disciplines are listed on the following page.

General Disciplines		
Item	Symbol	Fields of study
Agriculture	01.A	*
Food Science	01.B	*
Natural Resources and Conservation	03.A	
Environmental Engineering/Sciences	03.B	*
Forestry	03.C	
Geography	03.D	
Architecture	04.A	*
Landscape Architecture	04.C	
Interior Architecture	04.D	
Civil Engineering	14.B1	*
Geology	14.B2	
Geodesy / Survey Engineering	14.B3	
Mining and Mineral Engineering	14.B4	
Electrical Engineering	14.C1	*
Electronics Engineering	14.C2	
Power Engineering	14.C3	*
Computer Software/Hardware Engineering	14.C4	*
Telecommunications	14.C5	
Mechanical Engineering	14.D1	*
Mechatronics, Robotics and Automation	14.D2	*
Industrial Engineering / System Engineering	14.D3	
Process Engineering	14.D4	
Metallurgical Engineering	14.B5	
Aerospace, Aeronautical and Astronautical/Space Engineering	14.B6	
Naval and Marine Engineering	14.B7	
Computer Science / Informatics	11.A	*
Web Development / Software Engineering / Computer Programming	11.B	
Network Administration	11.C	
Cybersecurity	11.D	
Bioinformatics	11.F	
Biology	26.A	*
Biomedical Sciences	26.B	
Bioengineering/Biomedical Engineering	26.C	
Biotechnology	26.D	*
Biochemistry	26.E	
Microbiology	26.F
